

ISO 27001 CERTIFIED ISMS LEAD IMPLEMENTER TRAINING COURSE

This fully accredited, practitioner-led course equips you to lead an ISO/IEC 27001 ISMS implementation project. Win new business by securing your organisation's information assets and reducing data security risks with real-world expertise and practical insights.

DURATION

3 days

FORMAT

Classroom sessions from 09:00 to 17:00. Also available as a Live Online training course.

QUALIFICATION

ISO27001 Certified ISMS Lead Implementer (CIS LI) qualification (ISO 17024-certificated)

COURSE HIGHLIGHTS

Designed by the team that led the world's first successful ISO 27001 implementation. Real-world practitioners show you how to tackle an ISMS project from start to finish. Learn about the nine steps to ISO 27001 success. Participate in group discussions, practical exercises and case studies throughout the course.

WHAT WILL YOU LEARN?

Securing senior management commitment and building the business case / How to determine the scope of your ISMS / The role and structure of an information security policy / Developing a management framework / How to develop and manage your ISO 27001 project / Allocating roles and responsibilities / The definition of risk in ISO 27001 and options for risk assessments / Carrying out an information security risk assessment / Drawing up a Statement of Applicability and risk treatment plan / Core documentation, policies and procedures needed for your project / Reviewing your existing controls and mapping controls to Annex A of ISO 27001 / The importance of an effective communication strategy / The importance of staff and general awareness training / The key elements of management review / How to manage and drive continual improvement under ISO 27001 / How to prepare for your ISO 27001 certification audit / Important information to ensure that you pass the audit first time.

An excellent course. A perfect balance between 'teaching' and active group participation. Course content was both comprehensive and easy to digest, such that I have already been able to put the learning immediately into practice within my organisation.
