A wealth of knowledge on internal auditing all in one place...

A must-read for corporate executives, accountants, IT staff, board members, security and auditing practitioners, and more!

This book provides concise commentary on strategic issues regarding the way internal audit is established, planned and performed. High-level issues sit alongside practical guidance to ensure the book has an appeal to all levels of internal audit management and staff, as each reader can dip into a range of important topics.

Swanson on Internal Auditing: ‘Raising the Bar’ will help you to:

- Get to grips with key topics of the internal audit
- Enhance the internal audit to allow your organisation to improve
- Navigate risks and increase business prospects.

Comprehensive, yet concise, and with a full discussion of numerous different internal audit challenges and practices in one place, this book can be easily used as a reference manual to help frame the problems you face, and guide the solutions you implement.

What others say about this book...

In Dan Swanson’s hands ... internal audit becomes the lantern of Diogenes, illuminating accountability, responsibility and control.

(Jon Lukomnik, co-author of the best-selling business title, The New Capitalists)

This new book deserves its place in the audit library and is a recommended resource for all internal audit professionals.

(KH Spencer Pickett)

If you want to understand the fundamentals, as well as the fine points of internal auditing and IT auditing, you should read this book.

(Eleanor Bloxham, CEO; The Value Alliance and Corporate Governance Alliance)

The ultimate guide to navigating and improving your internal audit function!
